# Hazard Communication Standard/GHS Compliance Timeline

December 1, 2013

All employers must train employees on the new label elements and Safety Data Sheet (SDS) format.

2013

June 1, 2015

All chemical manufacturers, importers, distributors and employers must be in compliance with all modified provisions of this final rule, except:

Distributors may ship products labeled by manufacturers under the old system until December 1, 2015.

December 1, 2015

Chemical distributors may no longer ship products labeled by chemical manufacturers under the old HazCom Standard.

43
Fatalities Prevented

585
Injuries/Illnesses Prevented

$250 Million
Per year saved due to reduction in occupational risks plus $475.2 million saved from improvements in productivity

2015

June 1, 2016

All employers must update alternative workplace labeling and hazard communication program as necessary, and provide additional employee training for newly identified physical or health hazards.

2016

Transition Period

All chemical manufacturers, importers, distributors and employers must comply with either 29 CFR 1910.1200 (this final standard) or the current standard, or both.
